

Mr. Crudup

Building 3, Room 356

Hi there,

I am thrilled to be starting my first year here at Eduprize Gilbert! I live in Chandler with my two dogs. Outside of teaching I am a Soccer coach and have been doing that for over 14 years. A big portion of my time the past few years was being a coach at Chandler High school for the boys soccer team for just over 6 years and I also work at RSL Soccer Club. For 3 seasons I helped coach a college team and was close to moving to California to continue my coaching journey but decided to decline and stay here in Arizona. Some other things that I am interested in outside of working are movies, video games, anime, music, going to the gym, and learning about random things! Love to be diverse! It is also a dream of mine to visit Brasil, Japan, and Europe.

I received my bachelor's degree from ASU in Parks and Recreation Management. Later I received my Masters in Special Education from Grand Canyon University.
