

Mrs. Paguia Building 3, Room 336

Hello, and welcome to the 2024-2025 school year! My name is Cindy Paguia. I teach 7th and 8th Grade Math and co-teach Math and Science. This will be my third year at EDUPRIZE! I am an ASU graduate with over 16 years of experience in Special Education. I have been married for a little over a year and have a blended family of nine children ages 5 to 37. We have a cat named Tom and a Chug named Mocha. I am originally from Southern California but moved to The Phoenix area after my first child was born. I lived in Texas for six years, then turned around and planted myself back in Arizona. I love to spend time with family, swim, sing karaoke, paint, and organize. When the weather is cool enough, I like hiking and camping. I do love to sing, and the students and staff will hear me singing in the classroom and the hallways. I will also supply the school with dad jokes and other corny jokes for everyone's entertainment ☺. I am looking forward to meeting and getting to know my students. I'm excited for another fantastic year ahead! Let the learning begin!
